Seltz, 635 North Eighth street, aged 74 years, Her final illness lasted but four or five days. The funeral will be held from the house Sunday afternoon at 2 o'clock. Interment at Highland Lawn. Mrs. Seltz left Germany and came to this country at the age of 13 years. She has lived at Terre Haute since then except a short time at Greencastle. She leaves one son, Charles Seltz, of Terre Haute, agent of the Indianapolis Brewing company, and two daughters, Miss Mary, who lives with her brother, and Mrs. Emma Fochs, of this city. The husband, Jacob Seltz, died ten years ago in this city. Mrs. Seltz was a member of the German Lutheran church and the funeral will be in charge of Rev. Mr. Katt.

Mrs. E. B. Peyton, wife of Judge Peyton, of Emporia, Kas., died recently at that place. She was born in Clay county, Indiana, March 28, 1828, and was married in 1845, to E. B. Peyton, who, with four children, survive her. They went to Kansas and settled in Emporia in 1867. She was a sister of the late Walker Davis, of Clay county. Judge Peyton and C. M. Thompson, of this city, were in business together for many years at Bowling Green, Clay county. *Harrison Park*

### Contract Awarded

The contract for the removal of the Casino from Harrison park to the fair grounds was let yesterday to Raymond H. Kintz, who will begin at once the tearing down of the large structure. Part of the building will be removed by way of the street cars and the rest by wagons. The work is expected to be finished in time to open the Casino early in May.

and brick house on the same lot, to \$1,000.

S. V. Ramsey secured a permit to build a one-story barn in Inlot 103 of Barton and Hauriet's subdivision, to cost \$400.

## It Makes Restful Sleep

Sleeplessness almost invariably accompanies constipation and its manifold attendant evils—nervous disorders, indigestion, headache, loss of appetite, etc. To attempt to induce sleep by opiates is a serious mistake. The brain is only benumbed and the body suffers. Celery King removes the cause of sleeplessness by its soothing effect on the nerves and on the stomach and bowels.

Celery King cures Constipation and all Stomach, Liver and Kidney diseases.

### Tom Patterson's Daughter Marries a Newspaper Man.

Denver Colo Sept 5—One of the most  
charming weddings of the year in Den-  
ver was that of Margaret Montjoy,  
daughter of Hon. and Mrs. T. M. Pat-  
terson to Richard Crawford Campbell  
of Wheeling, W. Va., last evening at  
the family residence. The ceremony  
was performed by Rev. William Bayard  
Craig of San Antonio Texas. The as-  
semblage of wedding guests was limited  
to the oldest friends and acquaintances  
of the Patterson family. Mr. and Mr.  
Campbell after an extended trip east  
will make their home in Denver.

Of a charming personality and men-  
tally endowed with talents of the highest  
order to which have been added the ad-  
vantages of travel and education in the  
foremost among American and European  
schools, the bride is the perfection of  
lovely womanhood.

The bridegroom, who, with his father,  
is proprietor of the Wheeling Intelli-  
gencer, will hereafter be identified with  
the Rocky Mountain News.

## MACKRIHANISU.

### Bad Storm Encountered by a Ship of That Name,

San Francisco, Sept. 5—The British  
ship, Mackrihanisu, Capt. Sanders; ar-  
rived last night, 14 days from Swansea  
with a cargo of 2,547 tons of coal. Near-  
ly every vessel which has reached here  
in the past week has had a thrilling  
story of battles with the elements but  
the experiences of the Mackrihanisu  
were the worst. In June she was hove to  
for five days off the Horn, during which  
time heavy seas swept her from stem to  
stern, smashing her boats and sweep-  
ing everything moveable into the sea. A  
tidal wave buried the vessel at one time,  
filling her decks and at another time a  
blizzard froze her rigging and running  
gear so that the ship was unmanage-  
able. Ice clustered about the vessel in  
some places.

### CONSUL MORSS.

### Was he Called Home to Confer on the Walker Case?

Indianapolis, Ind., Sept 5—It is be-  
lieved by prominent Indiana Demo-  
crats that Samuel E. Morss, Editor of  
the Indianapolis Sentinel and Consul-  
general to Paris, has been called home  
by the state department in order that he  
may be consulted about the Walker  
case. State Senator Kern left Mr.  
Morss in Paris tea days before the lat-

on his face in a ditch on the east side  
of the track. The section foreman from  
Alto was immediately sent to watch the  
man till morning when Dr. Greer went  
up and held the inquest. There were no  
bones broken in the body of deceased  
that could be discovered, except on the  
right side of the head where there was  
found an ugly wound extending  
through the skull. This was evidently  
the cause of death.

The engineer of the engine on which  
the unfortunate man was killed stated  
that he thought he could account for the  
fact that the deceased was running when  
struck, because there was a crossing  
there and that he (the engineer) thought  
that the unfortunate man was trying to  
get to the crossing before the engine got  
there. The road has a sharp curve there  
and the deceased did not realize that  
the train was as close as it really was to  
him.

The deceased was buried in the ceme-  
tery at Alto Pass at the expense of the  
county, by the undertaker of the place.

## HARRISON PARK.

### A Large Crowd Present Last Night.

Harrison Park provided entertainment  
for about 2,000 people last night. All  
cars going thither in the early evening  
were comfortably filled and there would  
have been a crush returning but for the  
perfection of the car service, which  
swept the crowd homeward at steam  
railroad speed.

At the park itself, under the noble  
trees, bright with the light of electric  
lamps, the entertainment provided on  
the stage was enjoyed by the great  
crowd. In the stage performance the  
powerful search light is an effective ad-  
junct. The company President Harrison  
has secured and that is now giving the  
entertainments is a strong one. Mr.  
Knoll and Miss McNiel are really cor-  
netists of high merit and deserved the  
applause they received. Mr. Bronnell, the  
tenor soloist has a fine voice and his  
songs are given with feeling and force.  
The Clarks are mirth provoking artists  
in their line and the Murrily sisters,  
vouched for as being twins, though  
varying considerable in size, are two  
very bright, beautiful and entertaining  
little maidens, with flowing chestnut  
hair that ripples and gleams under the  
searchlight in a very witching way.

These are the chief members of the  
company that combined makes a really  
admirable entertainment in this charm-  
ing summer garden, long needed here in  
Terre Haute and now happily attained  
through the enterprise of President Har-  
rison of the Street Electric Railway  
Company.

## GILL RETRACTS.

### He Withdraws Charges Against His Wife.

Westfield, Mass., Sept. 5—W. F. Gill

## THE COURTS.

Frank Stiles, who burglarized Teel's hardware store about ten days ago, was arraigned before Judge Taylor this morning and on a plea of guilty was sentenced to the penitentiary for two years. Stiles home is at St. Louis.

Vern J. Snyder, a boy who was arrested for incorrigibility on complaint of his parents, was also brought before the court for examination. The case is an unusual one in more ways than one. The boy has no particularly bad traits but is possessed of a roving disposition and prefers "roughing it" on the road to pleasant surroundings at home. Only a few weeks ago he ran away from home and got as far as Detroit where his parents located him and had him brought back. He admitted to the court this morning that he had a pleasant home and that his parents had always treated him kindly. Judge Taylor ordered the boy sent back to jail pending further investigation and if he agrees to stay at home and behave himself he will doubtless be paroled.

The case of the state against Philip Krenz, charged with burglary, was set for trial today but was continued on account of the absence of one of the state's witnesses. Krenz was implicated with Harry Lenville in the theft of some umbrellas from the Normal school about a year ago but escaped the officers at the time and eluded arrest until a few weeks ago. Lenville is now serving a term in the penitentiary for the crime and the prosecutor intends to have him brought here to testify against Krenz.

Injunction proceedings were begun in the Superior court today by Laura V. Myers, guardian and trustee of the minor heirs of E. William E. Murray, deceased, and others against the city of Terre Haute and Charles Balch. City defendants are threatening to sell certain property owned by plaintiffs for pretended assessment made for the purpose of opening Fourteenth-and-a-half

## HARRISON PARK CASINO

Opened to the Public Sunday Night.

The Scale of Prices to be Charged This Summer--The Plan of the Theatre.

Although yet in an unfinished condition the large new Harrison Park Casino, at Harrison park was thrown open to the public for the first time Sunday evening and fully 2,000 people were in attendance which goes to show that the theatre is going to be appreciated. It will be a pleasant place for Terre Hauteans to spend the hot evenings during the coming summer and the cost of attending will be so small that it will be within the reach of everybody. Last night was characterized as merely a dress rehearsal and was given to satisfy the cravings of the public, who have been urgently asking President Harrison to open the park.

The entertainment furnished was equal to any high priced performance and those that were there expressed great appreciation. The Pickanninny band furnished several good selections, Marie Godey, the Cuban singer, the Columbian quartette, and Zelma Rawlston, also furnished high class music and were called out again and again. Billy Van; with his funny monologue, also created a hit, but last night he was dressed in his Sunday suit of clothes and did not wear burnt cork, which tended somewhat to distract from the funniness that it otherwise would. The crowd knew him though and joined with him and encored him repeatedly.

Miss Ida Fuller also gave her prismatic dance, which was much appreciated. As a concluding piece Miss Zelma Rawlston gave one of her favorite songs.

There will be a change of bill nightly and continuing throughout the summer.

Terre Haute and Charles Balch. City defendants are threatening to sell certain property owned by plaintiffs for pretended assessment made for the purpose of opening. Fourteenth-and-a-half street. It is alleged that the assessment is null and void because the plaintiffs had no notification of the street opening proceedings and for other reasons. Judge Henry granted a temporary restraining order. P. M. Foley and Mack and Henry represent the plaintiffs.

### POLICE COURT.

The police court was crowded with prisoners and spectators this morning. The slate contained twenty-seven cases and it was after 10 o'clock when the last case was disposed of. Jennie Bartlett, a Poplar street dive keeper, was fined \$10 and costs and the three inmates of the house who gave their names as Anna Knowles, Addie Knowles and Dora Scott were assessed \$5 and costs apiece. The police also raided the colored resort of Maud Staten on South First street. Besides the keeper Eva Vonteers and Pearl Smith, inmates, and Onis Williams, Eli Bell and Jobez Rooster were captured in the raid and sent to jail. The Staten woman was fined \$10 and costs for keeping the house, the inmates \$5 and costs and the men \$10 and costs for associating. Anna Washington and Nettie Bush, a couple of street walkers, were fined \$5 and costs each. George Swartz was fined \$10 and costs for associating. The following plain drunks were fined: George Wilson, James Moore, Thomas O'Hara, Charles Nelson, James Kenney, Joseph Blair, David Campbell, Charles Butcher, Wash Anderson, "Major" Johnson, Henry Threlkild, Harry Lemon, Fred Ward and James Farmer.

There will be a change of bill nightly and continuing throughout the summer. President Harrison and Manager J. B. Dickson have been busy at work securing good attractions and the Terre Haute public will have the benefit of seeing some of the best talent in the country this summer. Some of the principal actors and actresses on the American stage will be seen here and some of the best light operas on the road will also hold the boards.

### PRICES OF ADMISSION.

The scale of prices to be charged at the park for the summer have been decided upon and will be as follows:

General admission, 15 cents. This will include transportation to and from the park and seats in the rear section at the Casino.

Central section, 20 cents. This amount will entitle persons to seats in the central section at the Casino and transportation to and from the park.

Reserved seat 25c. This will entitle one to a reserved seat at the Casino and a ride to and from the park.

General admission tickets can be secured from the conductor and reserved seats can be obtained every day up to 6:30 in the evening at Buntin's drug store. Persons in buying general admission tickets, can, if they so desire, have them changed to reserved seats at the box office at the park.

### THE NEW BUILDING.

The new theatre is of a peculiar design after a pattern of Mr. Harrison's and is built similar to a Mormon temple. It is built something like a tunnel, being arch shaped, the roof extending to the ground. As stated before the plan was the idea of President Harrison and his suggestions were carried out by Floyd and Stone, who prepared the plans and superintended the work of construction. The building was so designed for its excellent acoustic properties, which will permit those in the rear seats to obtain as much satisfaction and hear just as well as those on the front seats. The structure is 110 by 200 feet and will seat 3,500 people. The frame or top forms a semi-circle and supports are made of 2 by 6 planks spiked and bolted, then bent and held in place by large iron rods. These are

The top will be boarded up by three quarter inch planks and will be covered with tar paper like the kind used on all buildings. The stage has an opening of 50 feet and is 42 feet deep, which is as large as the stage at the Auditorium at Chicago. The stage was hardly in shape for last night's performance but nevertheless it was gotten ready in time. The curtain is an artistic piece of scenic work and was done by Scenic Painter Wilson, of Indianapolis, who did the work on the T. P. A. floats. The seats for the theatre will be arranged slanting from the back to the stage so that those in the rear will be a little elevated and can see over the tops of the hats.

The ventilating will be of the best and the place will be as cool as out in the park. With good weather the work will be completed in a few days.

## The American Woman.

The American woman is taking possession of new fields of thought, duty and service. She is taking a place in the community which she never held before. She is restless and aspiring. She wants to be, to know and to do more than ever. She does not, like the fore-mothers, acknowledge her inferiority, or her subordination, or anything of the kind. Though she possess her best rights already, she claims that there are other rights which she ought to get in short order. She takes hold of politics without fear; she often makes public speeches; she goes into lots of kinds of business on her own hook; she enters the medical profession, as we were reminded once more this week, when the great degree of doctor of medicine was conferred upon 25 young women wearing shovel hats and black silk gowns; she earns her money at many a trade which formerly was the exclusive property of her brethren; she strikes out for a larger measure of independence; she rides the bicycle as well as anybody; she joins a club; she is not at all alarmed at the sight of a man; she often carries the

Goodman & Hirschler are still pushing their Summer Clearance Sale and they have reaped their harvest and it has been well appreciated by the public as they all know that they do not advertise a sale but what is substantiated, consequently they are always busy selling bargains at prices unknown in Men's Suits, Boys Suits, Children's Suits, Men's and Boys' Furnishings. Come and see; seeing is believing and then you will go away smiling. Also Suits to order at less price than ever known. We are bound to reduce our stock and prices must do it.

GOODMAN & HIRSCHLER,

The most popular article of feminine wear for the summer is the shirt waist, and the most popular place to have shirt waists laundered is at the New Method Laundry, where especial attention is paid to this class of work. When you see a lady with an unusually well-laundered shirt waist you can set it down for a fact that it was laundered at the New Method.

## CASINO PARK AND GARDEN THEATRE

**LARGE AUDIENCE WAS GREAT  
LY PLEASED WITH THE  
PERFORMANCE.**

### COOL AND PLEASANT PLACE

**Performance Tonight—A Change  
of Bill Made on Sunday  
Night.**

The attendance at the Casino last night was very large. The Casino is handsomely illuminated and with electric fans is just the proper place to go these hot evenings. The entertainment is high class and prices low. New seats have been added to the park so that all can get seats to view the pictures of the Elnedrome.

Rees Prosser, Miss Dorothy Kenton and Leah and Chapman in "Wanted a Donkey" have become great favorites.

Miss Edna Hunter, who plays Sally in "The Tenderfoot," is a good American, but her heart is with Sir Thomas Lipton and Shamrock III in the next cup race. Miss Hunter is wearing a Shamrock pin, which came with a personal letter from Sir Thomas, in which he asked the sprightly soubrette to wish him luck.

Miss Hunter is to be married in the fall to Worden Wood, a New York marine artist, whose occupation has brought him into personal intimacy with the Irish baronet. When the owner of the challenger arrived recently Mr. Wood was one of the first to greet him, and was presented with a Shamrock pin.

"I'll send this to my intended in Chicago," said Wood.

"No," said Sir Thomas. "You keep that and I'll take pleasure in sending her one myself."

Miss Hunter may not be able to arrange to have a "spot" light on the emblem all the time, but it will be well in view.

## VACCINATION CASE APPEALED BY CITY

As announced in the Gazette some time ago the vaccination case which Judge Stimson decided in favor of the anti is to be appealed to the Supreme court. The case was called up this morning and the attorneys for the school and health boards prayed an appeal to the Supreme court which was granted. For a while this morning the attorneys for the anti were inclined to amend their pleadings so as to get in a paragraph asking for damages, but later concluded not to do so as such a move would necessitate trying the case over again.

## WILL LEAVE TOMORROW FOR VINCENNES

Company B will leave for Vincennes at 5:38 tomorrow morning to take part in the Fourth of July celebration there. Captain A. W. Dudley expects to have 40 men in line. The Terre Haute company will be the guest of honor at the celebration, assisting in the parade, sham battle and base ball game. In the ball game a nine from Company B will be pitted against Company A's nine of Vincennes.

## AMICO LODGE INSTALLS OFFICERS

Amico Lodge, No. 707 I. O. O. F. installed its newly elected officers Thursday night, District Deputy Grand Master A. L. Miller officiating as installing officer. The following is a list of the officers installed:

Henry H. Kramer, N. G.  
 Ed R. Beauchamp, V. G.  
 B. L. Slemmons, recording secretary.  
 John N. White, financial secretary.  
 Will E. Easterday, treasurer.

The report of Financial Secretary John N. White for the six months ending June 30 shows a membership of 349, which is a net gain of 23. The net receipts amounted to \$1921.86 and the net resources \$6,598.04.

## FOURTH OF JULY OBSERVANCE IN TERRE HAUTE

Inasmuch as the Fourth comes this year—for the first time in seven years—on Saturday its observance will not commence generally until noon.

However, several of the stores, notably Rots, Herz's and Albrecht's will close all day.

The banks and public offices, railroad shops and factories will close all day.

### AMUSEMENTS.

There will be plenty of amusement. A brief out line follows:

Two ball games T. H. vs. Ft. Wayne, morning and afternoon.

Merchants and Maccabees entertainment at fair grounds in the afternoon and night great fire works display.

A score or more picnic parties among members of the Country Club. Fire works after supper.

Innumerable picnic and boating parties. Particulars in Society column.

The Gazette will be issued but somewhat earlier than usual.

## SIX BASE BALL FANS GO TO CHICAGO

A party of half a dozen well-known base ball "fans," composed of Charley Stein, "Cap" Smith, Harry Hampton, Tom Wilder, Del Scott and Harry Johnson, will leave for Chicago at 12:20 tonight and will see the double-header there tomorrow between the Chicago and New York National League teams.

Mathewson and McGillicy will pitch for New York on the Fourth. The Terre Hauteans will also stay over Sunday and see another game between these two clubs. A record-breaking attendance is looked for tomorrow at Chicago.

It will first touch the island of Luzon at its northern extremity, proceeding south along the west shore until it comes to Manila. From Manila the wire will be extended to Shanghai.

The total length of the new cable, from San Francisco to Manila, will be 6,871 miles, plus 10 per cent "slack" to follow the contour of the sea bottom, or 7,558 miles in all. To keep this long line in repair the Commercial Cable company will have two ships constantly in commission, one of which will be stationed at San Francisco or Honolulu.

Indeed, it is safe to say that were it not for the advances in engineering science during recent years the construction of such monster links as those joining Sand Island and Guam or Vancouver and Fanning Island would have been out of the question. Apart from this the builders of the all American line encountered two obstacles which, while not insurmountable, necessitated some skillful cable laying.

Benjamin Harrison's son, Russell, is remembered as the resident manager of our street car system at this time electrified. Mike Burke was traffic manager.

The Harrison Park Casino, located north of Collett Park where we now find Collett avenue, was an enterprise sponsored by the traction corporation. It was an open air setup, only the stage having a roof over its head. The audience sat out in the open, under the stars.

Patronage depended upon the weather. Some very good vaudeville attractions were presented and it was a great place for boy to meet girl.

An innovation was introduced to our city at this time was a double-deck street car. The upper, or hurricane deck afforded a cooling ride on hot summer nights. Switching facilities in the track layout gave a long ride for 5 cents.

To take care of the Casino transportation, the North Sixth street line was extended to Maple avenue entrance to Collett Park, via Locust and Eighth streets.
